**MEMORANDUM OF LAW IN SUPPORT OF PLAINTIFF'S MOTION FOR LEAVE TO
SERVE A THIRD PARTY SUBPOENA PRIOR TO A RULE 26(f) CONFERENCE**

Pursuant to Fed. R. Civ. P. 26(d)(1), Plaintiff hereby respectfully submits this Memorandum in support of its Motion for Leave to serve a third party subpoena prior to a rule 26(f) conference.

I. INTRODUCTION

Plaintiff, Malibu Media, (d/b/a "X-art.com") operates a popular subscription based website.¹ Plaintiff creates its own content which is being infringed on a massive scale. The John Doe Defendant's IP address has been habitually used to infringe Plaintiff's copyrighted works. Accordingly, Plaintiff seeks leave to serve limited, immediate discovery on the John Doe Defendant's Internet Service Provider, Comcast Cable Communications Management, LLC (hereafter "ISP") so that Plaintiff may learn Defendant's true identity. Plaintiff is suing Defendant for using the Internet, specifically the BitTorrent file distribution network, to commit direct copyright infringement.

Because Defendant used the Internet to commit this infringement, Plaintiff only knows Defendant by his Internet Protocol ("IP") address. Defendant's IP address was assigned to the Defendant by his ISP. Accordingly, the ISP can use the IP address to identify the Defendant.² Indeed, ISPs maintain internal logs, which record the date, time and customer identity for each IP address assignment made by that ISP. Significantly, ISPs may maintain these logs for only a short period of time.³

¹See Declaration of Colette Pelissier, attached hereto as Exhibit "A."

²See Declaration of Patrick Paige, attached hereto as Exhibit "B."

³Statement Of Jason Weinstein, Deputy Assistant Attorney General Criminal Division Before The Committee On Judiciary Subcommittee On Crime, Terrorism, And Homeland Security United States House Of Representatives, (January 2011) at

Plaintiff seeks leave of Court to serve a Rule 45 subpoena on the Defendant's ISP. This subpoena will demand the true name and address of the Defendant. Plaintiff will only use this information to prosecute the claims made in its Complaint. Without this information, Plaintiff can neither serve the Defendant nor pursue this lawsuit to protect its valuable copyrights.

II. ARGUMENT

Pursuant to Rule 26(d)(1), except for circumstances not applicable here, absent a court order, a party may not propound discovery in advance of a Rule 26(f) conference. Rule 26(b) provides courts with the authority to issue such an order: "[f]or good cause, the court may order discovery of any matter relevant to the subject matter involved in the action." In Internet infringement cases, courts routinely find good cause exists to issue a Rule 45 subpoena to discover a Doe defendant's identity prior to a Rule 26(f) conference, where: (1) plaintiff makes a prima facie showing of a claim of copyright infringement, (2) plaintiff submits a specific discovery request, (3) there is an absence of alternative means to obtain the subpoenaed information, (4) there is a central need for the subpoenaed information, and (5) defendants have a minimal expectation of privacy. *See First Time Videos, LLC v. Does 1-500*, 276 F.R.D. 241, 249 (N.D. Ill. 2011) (citing *Sony Music Entm't v. Does 1-40*, 326 F. Supp. 2d 556, 564-65 (S.D.N.Y. 2004); *Elektra Entm't Group, Inc. v. Doe*, No. 5:08-CV-115-FL, 2008 WL 5111886, at *4 (E.D.N.C. 2008) (same); *Warner Bros. Records, Inc. v. Doe*, 2008 WL 5111883, at *4 (E.D.N.C. 2008) (same); *BMG Music v. Doe # 4*, 2009 WL 2244108, at *3 (M.D.N.C. 2009) (same). *See also Arista Records LLC v. Does 1-19*, 551 F. Supp. 2d 1, 6-7 (D.D.C. 2008), and the cases cited therein, noting the "overwhelming" number of cases where copyright infringement plaintiffs sought to identify "Doe" defendants and courts "routinely applied" the good cause standard to

http://judiciary.house.gov/hearings/pdf/Weinstein_01252011.pdf, stating: "Some [ISP] records are kept for weeks or months; others are stored very briefly before being purged."

permit discovery. Here, Plaintiff easily satisfies all of these requirements. Accordingly, this Court should grant the Motion.

A. Circuit Courts Unanimously Permit Discovery to Identify John Doe Defendants

Federal Circuit Courts have unanimously approved the procedure of suing John Doe defendants and then using discovery to identify such defendants. For example, according to the Seventh Circuit, “when, as here, a party is ignorant of defendants’ true identity, it is unnecessary to name them until their identity can be learned through discovery or through the aid of the trial court.” *Maclin v. Paulson*, 627 F.2d 83, 87 (7th Cir. 1980); *See also Penalbert-Rosa v. Fortunoburset*, 631 F.3d 592, 595 (1st Cir. 2011) (“A plaintiff who is unaware of the identity of the person who wronged her can . . . proceed against a ‘John Doe’ . . . when discovery is likely to reveal the identity of the correct defendant.”). *Accord Davis v. Kelly*, 160 F.3d 917, 921 (2d Cir. 1998); *Brown v. Owens Corning Inv. Review Comm.*, 622 F.3d 564, 572 (6th Cir. 2010); *Blakeslee v. Clinton County*, 336 Fed. Appx. 248, 250 (3d Cir. 2009); *Young v. Transp. Deputy Sheriff I*, 340 Fed. Appx. 368 (9th Cir. 2009); *Green v. Doe*, 260 Fed. Appx. 717, 719 (5th Cir. 2007); *Krueger v. Doe*, 162 F.3d 1173 (10th Cir. 1998); *Dean v. Barber*, 951 F.2d 1210, 1215 (11th Cir. 1992); *Munz v. Parr*, 758 F.2d 1254, 1257 (8th Cir. 1985).

B. Good Cause Exists to Grant the Motion

1. Plaintiff Has a Prima Facie Claim for Copyright Infringement

A prima facie claim of copyright infringement consists of two elements: (1) ownership of a valid copyright, and (2) copying of constituent elements of the work that are original. *Feist Publ’ns, Inc. v. Rural Tel. Serv. Co., Inc.*, 499 U.S. 340, 361 (1991). Plaintiff satisfied the first good cause factor by properly pleading a cause of action for copyright infringement:

30. Plaintiff is the owner of the Copyrights-in-Suit, as outlined in Exhibit B, each of which covers an original work of authorship.
31. By using BitTorrent, Defendant copied and distributed the constituent elements of each of the original works covered by the Copyrights-in-Suit.
32. Plaintiff did not authorize, permit or consent to Defendant's distribution of its works.

Complaint at ¶¶ 30-32. *See* 17 U.S.C. §106; *In re Aimster Copyright Litig.*, 334 F.3d 643, 645 (7th Cir. 2003), *cert. denied*, 124 S. Ct. 1069 (2004) (“Teenagers and young adults who have access to the Internet like to swap computer files containing popular music. If the music is copyrighted, such swapping, which involves making and transmitting a digital copy of the music, infringes copyright.”); *First Time Videos, LLC v. Does 1-500*, 276 F.R.D. 241, 249 (N.D. Ill. 2011) (“[Plaintiff] has made a concrete showing of a prima facie claim of actionable harm under a theory of copyright infringement. . . .”); *Third Degree Films, Inc. v. Does 1-2010*, 2011 WL 4759283, * 4 (N.D. Ind. 2011) (same).

Further, Plaintiff's allegations of infringement are attested to by Plaintiff's investigator, IPP International UG employee, Tobias Fieser. *See* Declaration of Tobias Fieser in Support of Plaintiff's Motion for Leave to Serve Third Party Subpoenas Prior to a Rule 26(f) Conference (“Fieser Declaration”), at ¶¶ 14–16, attached hereto as Exhibit “C.” And, each digital file, as identified by a unique cryptographic file hash value, has been verified to be a copy or contain copies of one of Plaintiff's copyrighted works. Moreover, during the first ever BitTorrent copyright lawsuit to reach trial, Judge Baylson concluded that Plaintiff's technology was valid. *See Malibu Media, LLC v. John Does 1, 6, 13, 14*, 950 F. Supp. 2d 779, 782 (E.D. Pa. 2013) (“I concluded that Malibu had expended considerable effort and expense to determine the IP addresses of the infringing parties, and the technology employed by its consultants—both of

whom were located in Germany and who testified at the trial of June 10, 2013—was valid.”). Accordingly, Plaintiff has exceeded its obligation to plead a prima facie case.

2. Plaintiff Has Clearly Identified Specific Information It Seeks Through Discovery

Plaintiff seeks to discover from the Defendant’s ISP the true name and address of the Defendant. This is all specific information that is in the possession of the Defendant’s ISP that will enable Plaintiff to serve process on Defendant. Because the requested discovery is limited and specific, Plaintiff has satisfied the second good cause factor. *First Time Video LLC v. Does 1-76*, 276 F.R.D. 254, 255-56 (N.D. Ill. 2011) (allowing discovery of subscriber’s name, address, phone number and e-mail address.); *Malibu Media v. Doe*, 2014 WL 1228383, at *1 (N.D. Ill. 2014) (same); *BMG Music v. Doe # 4*, 2009 WL 2244108, at *3 (M.D.N.C. 2009) (finding under nearly identical circumstances that “the discovery request is sufficiently specific to establish a reasonable likelihood that the identity of Doe # 4 can be ascertained so that he or she can be properly served.”).

3. No Alternative Means Exist to Obtain Defendant’s True Identity

Other than receiving the information from the Defendant’s ISP, there is no way to obtain Defendant’s true identity because “records are the only available evidence that allows us to investigate who committed crimes on the Internet. They may be the only way to learn, for example, that a certain Internet address was used by a particular human being to engage in or facilitate a criminal offense.” *See* Statement of Jason Weinstein, *supra*, note 3. Indeed, “[o]nce provided with the IP Address, plus the date and time of the detected and documented activity, ISPs can use their subscriber logs to identify the name, address, email address and phone number of the applicable subscriber in control of that IP address at the stipulated date and time.” *See* Declaration of Patrick Paige at ¶ 15, Exhibit B. Because there is no other way for Plaintiff to

obtain Defendant's identity, except by serving a subpoena on Defendant's ISP demanding it, Plaintiff has established the third good cause factor. *See Dallas Buyers Club, LLC v. Does 1-28*, 2014 WL 3642163, at *2 (N.D. Ill. 2014) ("Such is the case here, as plaintiff cannot identify Doe without issuing a subpoena to Doe's ISP."); *Elektra Entm't Group, Inc. v. Doe*, 2008 WL 5111886, at *4 (E.D.N.C. 2008) (finding that the feasibility of a suggested alternative method of determining defendants' identities by hiring a private investigator to observe downloading "is questionable at best"); *Malibu Media LLC v. John Does 1-12*, (C.D. Ill. 2012) ("Because of the very nature of internet infringement, it is often the case that a plaintiff cannot identify an infringer in any way other than by IP number. Given the substantial federal policy underlying copyright law, it would be a travesty to let technology overtake the legal protection of that policy.").

4. Plaintiff Needs the Subpoenaed Information to Advance the Asserted Claims

Obviously, without learning the Defendant's true identity, Plaintiff will not be able to serve the Defendant with process and proceed with this case. Plaintiff's important statutorily protected property rights are at issue in this suit and, therefore, the equities should weigh heavily in favor of preserving Plaintiff's rights. Because identifying the Defendant by name is necessary for Plaintiff to advance the asserted claims, Plaintiff has established the fourth good cause factor. *Malibu Media, LLC v. John Does 1-6*, 291 F.R.D. 191, 197 (N.D. Ill. 2013) ("If the Court were to quash the subpoena as the Putative Defendants urge, it would be impossible for [Plaintiff] to protect its copyright against internet infringers."); *First Time Videos, LLC v. Does 1-500*, 276 F.R.D. 241, 249 (N.D. Ill. 2011) ("Without this information, [Plaintiff] would not be able to pursue litigation or an eventual remedy because they would not be able to serve any defendant with process.").

5. Plaintiff's Interest in Knowing Defendant's True Identity Outweighs Defendant's Interest in Remaining Anonymous

Plaintiff has a strong legitimate interest in protecting its copyrights. Defendant is a copyright infringer with no expectation of privacy in the subscriber information he provided to his ISP, much less in distributing the copyrighted work in question without permission. *See First Time Videos, LLC*, 276 F.R.D. at 247 (N.D. Ill. 2011) (“[C]ourts have consistently held that Internet subscribers do not have a reasonable expectation of privacy in their subscriber information—including name, address, phone number, and email address—as they have already conveyed such information to their ISPs.”); *Hard Drive Prods. v. Does 1-48*, 2012 WL 2196038 (N.D. Ill. 2012) (“[T]o the extent that anonymity is used to mask copyright infringement or to facilitate such infringement by other persons, it is unprotected.”) (quoting *Arista Records, LLC v. Doe 3*, 604 F.3d 110, 118 (2d Cir.2010)). Because Defendant does not have a legitimate interest in remaining anonymous, and Plaintiff has a strong, statutorily recognize interest in protecting its copyrights, Plaintiff has established the fifth good cause factor.

III. CONCLUSION

For the foregoing reasons, this Court should grant leave to Plaintiff to issue a Rule 45 subpoena to the ISP.

Respectfully submitted,
